Word of Life - It is indispensable that new technological developments in the field of medicine never be to the detriment of respect for human life and dignity, so that those who suffer physical illnesses or handicaps can always receive that love and attention required to make them feel valued as persons in their concrete needs. ~ Pope Benedict XVI, Address during Visit to the Obra Benéfico-Social Nen Déu, Nov. 7, 2010

“Stewardship: Recognizing and Receiving God’s Gifts” - Although our Christmas preparations and Jesus appearance are behind us, this Sunday’s readings relate the witness of the prophets that proclaim the coming of the Lord. Isaiah’s message is that the savior will not only restore the nation of Israel, but that salvation will reach to the ends of the earth. St. Paul reminds the Corinthians that their sanctification joins them with Christians everywhere. In the Gospel John the Baptist testifies that Jesus is the Lamb of God who takes away the sin of the world. Lord, enable us to recognize You and may we welcome You into our hearts.
